HOLDON

This happens thousands of times every day.

THE REAL COST

It hurts more than their wallet.

Shame — "How could I be so stupid?"

Sadness and worry that don't go away after the call

They stop trusting — stop answering the phone, stop banking online

Silence — many never tell their family

HOW BIG IS THIS?

$7.75B

lost by Americans over 60 to online scams in 2025

201,266
older people told the FBI they lost money

$38,500
lost per person, on average: years of savings, gone

$1.04B
lost to fake "tech support" scams alone

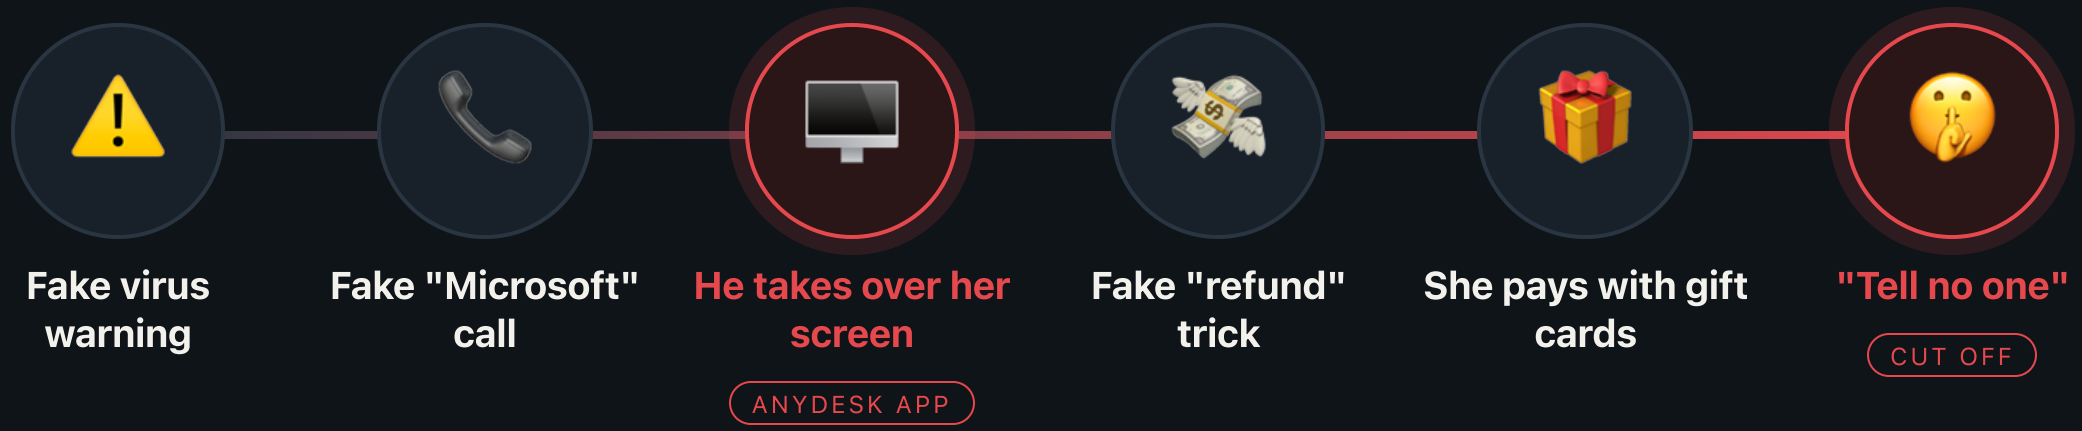

23%
of adults around the world lost money to a scam last year

Our goal: protect more than their money. Protect the life they built.

HOW IT HAPPENS

Why she can't ask for help

👁️ Watched and alone → Help has to come from outside

WHAT EXISTS TODAY

Today's tools come too late

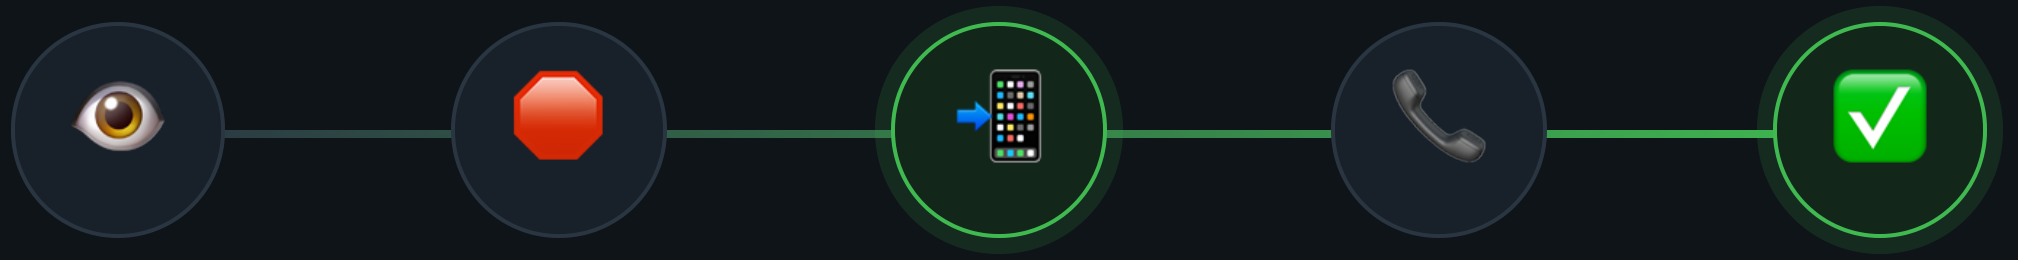

TOOL	WHAT IT DOES	TELLS THE FAMILY?
AI scam checkers Norton Genie, Bitdefender Scamio, McAfee	You paste a message, it says if it's a scam	**Never**
ChatGPT / Claude	Answers questions you ask	**Never**
Bank-watching apps Carefull, EverSafe	Watch bank accounts for odd payments	**After**
Banks	Spot strange payments	**Rarely**
Spam call blockers Truecaller, phone companies	Block known scam phone numbers	**Never**
HoldOn	Spots the scam as it happens	**During ✓**

What's missing: telling the family while the scam is happening, before the money is gone.

VISION

Where HoldOn goes next

NOW

- Works in the Chrome browser
- Secret alerts to family, written by AI
- Alarm if someone deletes it
- Scoreboard of scams stopped

NEXT 3 MONTHS

- App for Mac and Windows computers
- Automatic phone call to the family
- Family app with more than one helper
- Works in Safari and Edge too

6–12 MONTHS

- Work with banks to pause payments during a scam
- Protect Mom's phone from scam calls
- Lock banking sites until the family says OK
- UK, Canada, Australia, then India

No elder should ever face a scammer alone.
